

INGULULE | UNIT 3

Ingulule, which means cheetah in Zulu, is a stunning five sleeper log cabin. The cabin, which is raised on stilts, offers panoramic views of the Kruger National Park.

The master bedroom is air-conditioned with a king-sized bed and a three-quarter bed, with an en-suite bathroom, which has a shower and toilet. The lounge area is air-conditioned and has a television with a couch that can be converted into a double sleeper couch. This unit is ideal for families. Please note that there is only one bathroom, and the guests sleeping in the lounge area will need to walk through the master bedroom to make use of it.

The bedroom opens on to a small viewing deck, which has a kitchenette, and a dining table, which is used as the living room area.

The kitchenette does not offer an oven, but has a stove top, microwave and a lovely barbeque (braai) area in front of the log cabin, offering an authentic African experience.

Family and friends can sit around the fire as the sun goes down and listen to the bush come alive at night.
